Low Carbon Transition Facility (LCTF)

Date : _____

(to be filled by Relationship Management)

1. What is this Program about?

Low Carbon Transition Facility (LCTF) aims to support Small and Medium Enterprises (SMEs) that embark on a specific project and committed towards transforming their business operations into more sustainable and low carbon business practices.

These sustainable practices include, but are not limited to, obtaining sustainability certification, increasing the use of sustainable material for production, improving energy efficiency of building and appliances and installing on-site renewable energy generation equipment.

The purpose of financing includes to fund capital expenditure (CAPEX) and/or working capital requirements.

2. What is the Shariah concept(s) applicable?

Commodity Murabahah via Tawarruq

Commodity Murabahah is Murabahah (cost-plus-profit) via Tawarruq arrangement. A Tawarruq consists of two sale and purchase contracts. The first involves the sale of a specified commodity (such as crude palm oil) by the Bank to the Customer on a deferred basis at a cost-plus-profit price over an agreed period of time. Subsequently, the Customer will sell the same commodity to a third party on a cash and spot basis.

3. What do I get from this Program?

We shall provide you Term Financing facility via our existing product; Commodity Murabahah Term Financing-i (CMTF-i), which shall be structured as follows:

6. What if I fail to fulfill my obligations?

- Ta'widh (compensation) for Late Payment

The Bank has the right to be compensated on late and default payment based on the following mechanism:

Before maturity

Actual loss up to 1% on overdue payment for facility within default period as per the following formula:

$$\text{Overdue Installment(s)} \times 1\% \times \text{No. of Overdue day(s)} / 365$$

After maturity

Bank shall collect compensation charges from date of maturity to date of payment on actual loss up to prevailing IIMM rate on outstanding balance, as per the following formula:

$$\text{Outstanding Balance} \times \text{IIMM}\% \times \text{No. of Overdue day(s)} / 365$$

Post Judgement

The court may impose a late payment charge on judgement debt, subsequent to the judgement.

The formula for late payment charges on post judgement as following:

$$\text{Judgement Sum} \times \text{IIMM}\% \times \text{No. of Overdue day(s)} / 365$$

Note:

- i. IIMM = Islamic Interbank Money Market
 - ii. The compensation for late payment shall not be further compounded or by any other method approved by the Shariah Advisory Council of Bank Negara Malaysia.
 - iii. *The Bank may charge the actual cost/loss incurred up to 1% or IIMM rate, whichever is lower.
- Legal action will be taken if you fail to respond to reminder notices. The security may be enforced and you will have to bear all costs. You are also responsible to settle any shortfall after the security is disposed.
 - In line with the objective of LCTF to promote sustainable practices for business resilience, Bank may enforce all its right to review, revise the terms or recall the Facility should you fails to follow your transition plan, listed as Environmental, Social and Governance (ESG) Prohibited activities/ business or proved to pose a threat of climate change.

7. What if I fully settle the financing before its maturity?

In line with BNM Guideline on Ibra' (rebate) for Sale Based Financing, Ibra' shall be granted for early settlement before the end of the financing tenure. Settlement prior to the end of the financing tenure shall include, but is not limited to, the following situations:

- Early settlement or early redemption, including those arising from prepayments;
- Settlement of the original financing contract due to financing restructuring exercise;
- Settlement in the event of default; and
- Settlement in the event of termination or cancellation of financing before the maturity date.

Formula calculation of Ibra':

$$\text{Ibra' (Rebate)} = \text{Unearned Profit} - \text{Early Settlement Charges (if any)}$$
